The Consulting Services Liability Endorsement

Are you consulting, teaching or training in addition to providing direct patient care?

This professional liability policy provides coverage if there is an act, error or omission in providing professional services which results in injury. However, economic or financial loss, through your participation in activities such as public speaking or providing expert testimony, typically would not be covered by your professional liability policy. It's a risk you don't have to take. The Consulting Services Liability Endorsement provides coverage for when you use your professional skills and knowledge in settings that do not involve direct treatment of clients. You can add this valuable protection to your new policy for only \$25 a year.
